MAJOR MONTHLY EVENT HANDICAPS

VERSION 2.0

METHOD
•
IMPLEMENTATION

Method

In the interest of fair play, the board of the Men's Club @ Auburn is adopting a tournament adjustment handicap system for our members who frequently outperform the tournament field in major monthly events. Points will be assessed for **top 5 NET SCORES IN EACH FLIGHT** for tournament competitions. Based on the points assessed, the **Handicap Reduction Scale** will be applied to the players tournament handicap for Major Member Events. The purpose of this adjustment is to ensure the integrity of our major member events.

A Major Member Event is defined as any event where the men's club adds additional money to the prize fund.

No additional money is added to the weekly payouts; therefore, no points are issued for top finishes in weekend desk games and weekly summer best ball competitions.

Time period

Points will be assessed to winners of tournaments over the previous 24 months.

Points assessed

Net scores for all participants regardless of gross or net finish.

Lowest score net = 5 points
2nd lowest score net = 4 points
3rd lowest score net = 3 points
4th lowest score net = 2 points
5th lowest score net = 1 point

*A list of points assessments is available for review in the Pro Shop.
